Inclusion Statistics

Explanatory Note: The tables listed in this section provide statistics on applications for inclusion under Agricultural Land Commission Act either under Section 10(3) where a Municipality, a Regional District, or the Commission may apply to have additional lands designated as an Agricultural Land Reserve , whether or not they own those lands. The Municipality, Regional District, or Commission, as the case may be, must hold a public hearing in respect to the application. As for applications submitted under Section 10(5) where an individual owner may apply to the Agricultural Land Commission, via the Regional District or Municipality, to have his land included in an Agricultural Land Reserve, no hearing is required.

Also note that amendments to the Act in 1993, relieved Cabinet of any further decision making on these types of applications. The final decision for these applications is now made by the Commission. A review of inclusion applications during its compilation of the 1995 statistical has resulted in a number of minor changes to a few of the tables in this section.

Part C

11(1) Statistics

Explanatory Note: The tables listed in this section provide statistics on applications for direct government to government applications for exclusion from the Agricultural Land Reserve under Section 11(1). The Agricultural Land Commission, a Regional District, or a Municipality may make application for exclusion of private or Crown lands from an Agricultural Land Reserve. Prior to the submission of an application under Section 11(1) the Municipality, Regional District, or the Commission, as the case may be, must hold a public hearing on the application. A report of the hearing must accompany the application.

Also note that amendments to the Act in 1993, relieved Cabinet of any further decision making on these types of applications. The final decision for these applications is now made by the Commission.

11(2) Statistics

Explanatory Note: This section provide statistics on applications for direct government to government applications for exemption for use and/or subdivision within the Agricultural Land Reserve under Section 11(2). The Agricultural Land Commission, a Regional District, or a Municipality may make application for subdivision and/or non-farm use of private or Crown lands within an Agricultural Land Reserve. Prior to the submission of an application under Section 11(2) the Municipality, Regional District, or the Commission, as the case may be, must hold a public hearing on the application. A report of the hearing must accompany the application.

Also note that amendments to the Act in 1993, relieved Cabinet of any further decision making on these types of applications. The final decision for these applications is now made by the Commission. Since no new applications have been received since 1990 only a summary table is provided for these types of applications..

12(1) Statistics

Explanatory Note: The tables listed in this section provide statistics on applications for exclusion from a private individual land owner. Under this section an individual land owner may apply to the Agricultural Land Commission for exclusion of his property from an Agricultural Land Reserve. Preliminary processing of these applications is done by the appropriate Regional District or Municipality, followed by further processing and a hearing by the Commission. The final decision on these applications is made by the Commission.

***NOTE:**

1. The column marked 'OTHER' would include decisions in which ELUC recommended subdivision and/or use within the ALR.
2. Decisions and areas reported as 'allow' or 'refuse' do not imply that land was excluded from the ALR but rather the "APPEAL was allowed or denied. This distinction is important in the relatively few cases where for example the Commission may have allowed an exclusion application which was appealed by someone other than the owner. ELUC may have allowed the appeal thus overturning the Commission decision to exclude the land.
3. Amendments to the Act in 1993 rescinded provisions for appeal under section 13(1). In view of these amendments, there are no new figures available following 1993.
4. All figures relating to area are in hectares.

4. Amendments to the Act in 1993 rescinded provisions for appeal under section 13(1). In view of these amendments, there are no new figures available following 1993.
5. All figures relating to area are in hectares.

Part H

20(1) Statistics

Explanatory Note: The tables listed in this section provide statistics on applications for exemption for use or subdivision within an Agricultural Land Reserve. Under this section an individual may apply to the Agricultural Land Commission for permission to subdivide land or to use a parcel of land within an Agricultural Land Reserve for purposes other than those allowed outright by the Act or Regulations. Processing is completed in the same manner as applications under Section 12(1) except a hearing is not required. The land remains in the Agricultural Land Reserve and the Commission may impose whatever terms and conditions it considers applicable. The decision of the Commission is final. There is no appeal, except to the courts on a question of law or excess of jurisdiction.

Part I
Miscellaneous Statistics

Explanatory Note: The tables listed in this section provide statistics on applications pursuant to the Subdivision and Land Use Regulations. Under the Subdivision and Land Use Regulations, certain kinds of very limited subdivision and land use may be allowed by local government without reference to the Commission (B.C. Regulation 7/81). In addition, another category of subdivision (Section 46 of B.C. Regulation 313/78) and certain conditional uses (Section 44 of B.C. Regulation 313/78) may be applied for directly to the Commission. When an application for a conditional use is received by the Commission, the Commission consults with the Regional District or Municipality so that they might present their views prior to the decision being made by the Commission. Another type of application under this section are Direct Orders or Resolutions of the Commission under Section 16 or 18 of the Act

It is possible for the Agricultural Land Commission to deal directly, by a specific order or resolution, with certain other situations requiring land-use (Section 16) or subdivision (Section 18) approval without the necessity for a formal application. Very infrequent use is made of this power as it pertains only to unusual circumstances involving extreme emergency or hardship in those cases where the necessity for formal application is questionable. In all cases the Commission attempts to contact the local government to determine its position on the matter.

Please note that the tables listed in this part only provide the number of applications received. Unfortunately, information on the decision and other aspects of the applications are unavailable at this time. Also refer to Appendix 4 for an explanation of the Commission's Application codes.

BRIEF RESUME ON TYPES OF APPLICATIONS UNDER THE AGRICULTURAL LAND COMMISSION ACT

Section 11(1) and 11(2) Applications

Direct government to government applications for exclusion or exemption for use or subdivision within an Agricultural Land Reserve.

Under Section 11(1), the Agricultural Land Commission, a Regional District, or a Municipality may make application for exclusion of private or Crown lands from an Agricultural Land Reserve.

Under Section 11(2), the Agricultural Land Commission, a Regional District, or a Municipality may make application for subdivision and/or non-farm use of private or Crown lands within an Agricultural Land Reserve.

Prior to the submission of an application under Section 11(1) or 11(2), the Municipality, Regional District, or the Commission, as the case may be, must hold a public hearing on the application. A report of the hearing must accompany the application. Amendments to the Act in 1993 has resulted in changes to the decision making process in that the Commission now makes the decision on these types of applications. Cabinet is no longer involved in the decision making process.

Section 12(1) Applications

Applications from an individual to the Agricultural Land Commission for exclusion.

Under this section an individual land-owner may apply to the Agricultural Land Commission for exclusion of his property from an Agricultural Land Reserve. Preliminary processing of these applications is done by the appropriate Regional District or Municipality, followed by further processing and a hearing by the Commission. The final decision on these applications is made by the Commission.

Section 20(1) Applications

Applications for exemption for use or subdivision within an Agricultural Land Reserve.

Under this section an individual landowner may apply to the Agricultural Land Commission for permission to subdivide land or to use a parcel of land within an Agricultural Land Reserve for purposes other than those allowed outright by the Act or Regulations. Processing is completed in the same manner as applications under Section 12(1) except a hearing is not required. The land remains in the Agricultural Land Reserve and the Commission may impose whatever terms and conditions it considers applicable. The decision of the Commission is final. There is no appeal, except to the courts on a question of law or excess of jurisdiction.

Inclusion Applications

Section 10(3)

Under Section 10(3) a Municipality, a Regional District, or the Commission may apply to have additional lands designated as an Agricultural Land Reserve, whether or not they own those lands. The Municipality, Regional District, or Commission, as the case may be, must hold a public hearing in respect to the application.

Section 10(5)

Section 10(5) an individual owner may apply to the Agricultural Land Commission, via the Regional District or Municipality, to have his land included in an Agricultural Land Reserve. No hearing is required.

Amendments to the Act in 1993 has resulted in changes to the decision making process in that the Commission now makes the decision on these types of applications. Cabinet is no longer involved in the decision making process.

BC Reg 313/78 Applications

Applications pursuant to the Subdivision and Land Use Regulations

Under the Subdivision and Land Use Regulations, certain kinds of very limited subdivision and land use may be allowed by local government without reference to the Commission (B.C. Regulation 7/81). In addition, another category of subdivision (Section 46 of B.C. Regulation 313/78) and certain conditional uses (Section 44 of B.C. Regulation 313/78) may be applied for directly to the Commission. When these applications are received by the Commission, the Commission consults with the Regional District or Municipality so that they might present their views prior to the decision being made by the Commission.

Section 16 or 18 of the Act

Direct Orders or Resolutions of the Commission

It is possible for the Agricultural Land Commission to deal directly, by a specific order or resolution, with certain other situations requiring land-use (Section 16) or subdivision (Section 18) approval without the necessity for a formal application. Very infrequent use is made of this power as it pertains only to unusual circumstances involving extreme emergency or hardship in those cases where the necessity for formal application is questionable. In all cases the Commission attempts to contact the local government to determine its position on the matter.

AGRICULTURAL CAPABILITY CATEGORIES

The Canada Land Inventory (modified for British Columbia as B.C. Land Inventory) agricultural capability classification system groups land into 7 classes according to the land's potential and limitations for agricultural use depending on inherent soil and climate characteristics. This system identifies land according to its potential and limitations for agriculture using a rating system of Class 1 to 7. The following is a brief summary of these classifications:

- **Class 1** land is capable of producing the very widest range of crops. Soil and climate conditions are optimum, resulting in easy management.
- **Class 2** land is capable of producing a wide range of crops. Minor restrictions of soil or climate may reduce capability but pose no major difficulties in management.
- **Class 3** land is capable of producing a fairly wide range of crops under good management practices. Soil and/or climate limitations are somewhat restrictive.
- **Class 4** land is capable of a restricted range of crops. Soil and climate conditions require special management considerations.
- **Class 5** land is capable of production of cultivated perennial forage crops and specially adapted crops. Soil and/or climate conditions severely limit capability.
- **Class 6** land is important in its natural state as grazing land. These lands cannot be cultivated due to soil and/or climate limitations.
- **Class 7** land has no capability for soil bound agriculture.

The tables used in this publication further group the Canada Land Inventory agricultural capability classes into four separate categories as follows:

PRIME - Class 1 to 3.
This CLI agricultural capability unit consists totally of Class 1 to 3 inclusive

e.g. 2^7 - 3^3

PRIME DOMINANT - Class 1 - 3 Dominant
The major portion (over 50%) of this CLI agricultural capability unit is the prime category

e.g. 3^6 - 5^4

PRIME SUBORDINATE - Class 1 - 3 Subordinate
The lesser portion (less than 50%) of the CLI agricultural capability unit is in the prime category

e.g. 5^6 - 3^4

SECONDARY - Class 4 - 7
This CLI agricultural capability unit consists totally of Class 4-7 (including complexes if the unit is 4 or poorer)

e.g. 5^6 - 4^3 - 6^1

In cases where the CLI agricultural capability unit indicate a Class 1 - 3 inclusive as 50% (e.g. 3^5 - 4^3 - 5^2), one half of the area is categorized as prime and one half as secondary.

UNCLASSIFIED Land identified under this classification has no ratings assigned to it.

Municipal and Regional Changes:

The Fraser Valley Regional District was incorporated in 1995 while the Central Fraser Valley, Dewdney Alouette, and Fraser Cheam Regional Districts were eliminated in 1995 with adjustments to the following municipalities:

Central Fraser Valley

The City of Abbotsford and unincorporated areas of the RD (Sumas Mountain) were amalgamated with the Fraser Valley RD.

Dewdney Alouette

Maple Ridge and Pitt Meadows and a portion of Electoral Area "A" (Pitt Polder) were amalgamated with GVRD.

The District of Mission and other unincorporated portions of DARD (Except Pitt Polder) were amalgamated with Fraser Valley.

Fraser Cheam

All of the Fraser Cheam RD became the Fraser Valley Regional District.

Note: The statistics relating to the above noted municipal changes have not been reflected in this edition of the ***"Annual Statistics"*** unless otherwise noted.
